LegHandles.com Sponsors USA Rugby National Guard College Club Championships in Stanford. Games to be Rebroadcast on ESPNU.

SANTA CLARA, CA, May 20, 2008 — As part of its ongoing relationship with USA Rugby, ESPNU will be airing a tape delayed telecast of the USA Rugby National Guard Men's and Women's College Championships on May 21 and 22 at 7 p.m. Pacific Time (10 p.m. Eastern Time) The championship games took place at Stanford University on May 2 and 3. LegHandles.com is an official sponsor of the USA Rugby National Guard College Club Championships. Other games in the playoffs are available via web streaming from the USA Rugby Network (<http://usaRugby.tampadigital.com>).

LegHandles.com specializes in providing high performance lineout products. The LegHandles™, LegGlove™, and Sausage™ products are revolutionizing Rugby lineouts, providing jumpers with unprecedented height and stability, and enabling them to win more lineouts. Simple and easy to use, LegHandles.com products provide a level of effectiveness, comfort, convenience, and safety that is not available to Rugby players via today's conventional methods. Since they are reusable and require far less taping than the traditional methods used in the sport, these products also benefit both the environment and the consumer's wallet.

The LegHandles.com family of products includes seven high performance lineout products. The LegHandles™ with Elastic Band Handles and LegHandles™ with Neoprene Handles enable both front and back lifters to reach the same height, resulting in comfortable, solid lifts. The LegHandles™ line serves as an excellent training and youth development tool. The Sausage™ with Underwrap, the Double Sausage™ with Underwrap, and Sausage™ Compression Shorts are quick and easy to put on and provide maximum comfort. Most importantly, the Sausage™ line of products saves coaches and trainers from using up critical pre-game time wrapping their players. The LegGlove™ and LegGlove™ with Strap provide a comfortable, secure fit, and require no taping. The LegGlove™ pocket prevents the lifters' hand from slipping, dramatically increasing the height and stability of jumps.

The LegHandles™, Sausage™, and LegGlove™ are excellent tools for lineout training and youth/new player development. Visit www.LegHandles.com to purchase these products and to enter the best and worst lineout contest. The winner of this contest will win a free iPod.
